

PROWLER

TUBING SERVICES LTD.

Health, Safety and Environment Policy

Prowler Tubing Services Ltd.(Prowler) will conduct all phases of its operations maintaining the health and safety of its employees and the general public and protecting the environment by adhering to this Health, Safety and Environment Policy.

Responsibility - Managers and supervisors are responsible for identifying safety needs, communicating safety hazards, investigating hazardous conditions and accidents, providing training, supplying or wearing appropriate safety and personal protective equipment, and ensuring all equipment is maintained and meets legislated safety standards. It is the duty and responsibility of each employee, contractor, visitor, agent and affiliate to ensure that each of Prowler business activities is carried out in a manner consistent with this Health, Safety and Environment Policy.

Compliance – We will strive to comply with applicable laws and regulations and adhere to the intent of applicable industry guidelines, practices and procedures. If a situation arises in which it is impossible to comply we will promptly alert relevant authorities and work with them to establish reasonable alternatives.

Planning – We will assess the potential effects of our projects and operations, and plan our activities to prevent or reduce risks to the health and safety of our workers, the public at large, and the environment.

Consultation - We will consult with relevant stakeholders, including the public and governmental bodies, to enhance the communication and understanding and to respond to concerns in respect of our activities.

Monitoring - On an on-going basis, we will monitor our activities to ensure that our health, safety and environment programs are functioning effectively, and that our operations are in compliance with our policies, practices and procedures.

Corrective Action - We will take appropriate corrective or mitigative actions to promptly and effectively address health, safety and environmental impacts caused by our activities.

Emergency Action - We will respond immediately to emergencies in order to protect the public, our workers and the environment.

Training - We will provide our employees with a clear understanding of their responsibilities by providing training and education appropriate for such responsibilities.

Improvement - We will set objectives related to health, safety, and the environment as part of our business planning processes, and we will seek continuous improvement in our performance in each of these areas.

Other Actions - We will take other steps as may be necessary to ensure compliance with applicable health, safety and environmental laws.

Date: May 1, 2011

ENVIRONMENT POLICY

The goal of **Prowler**, its Management, Employees and Contractors is to ensure the health and safety of our employees, and all others who may be affected by our operations.

Prowler is further committed to protecting the environment and safeguarding human health in all our endeavours.

To accomplish this goal **Prowler** will:

- 1* Comply with all applicable legislation;
- 2* Establish the Management Systems and implement the procedures necessary to comply with all applicable legislation;
- 3* Assess the potential impairment of environmental and public health resulting from our operations and seek the effective reduction of identified risks;
- 4* Be responsive and sensitive to community concerns and provide needed information in a timely manner to meet these concerns;
- 5* Plan for appropriate emergency response to minimize negative consequences and implement remedial measures in an efficient and effective manner, in the event that Company activities result in environmental damage;
- 6* Encourage the development and use of technology to improve Company's ability to protect the environment and maintain public health and safety.

In order to achieve our environmental goal, **Prowler** will periodically review its policies, procedures and systems with the intent of constant improvement. We solicit suggestions and recommendations from all employees as part of this on-going and active process. We request your cooperation and expect your commitment to this goal.
